

Safety Tips

- ✓ Check the sender's email carefully.
- ✓ Hover over links before clicking.
- ✓ Look for HTTPS and known domains.
- ✓ Don't share personal info via suspicious links.
- ✓ Report suspicious messages.

Email Safety Checker

Enter an email address to check for red flags:

abc@gmail.com

Check

✓ No obvious red flags, but always double-check.

Website / URL Safety Checker

Enter a website link to check if it looks suspicious:

https://www.paypal.com

Check

✓ This URL looks safe (but always verify).
